

# Angels 4 Kids Inc.

IGLESCO: A DREAM, REALIZED.

Florida Department of Agriculture and Consumer Svcs. CH 37728

# A Unique Organization

- “ Angels 4 Kids Inc. was created in Miami in 2012 to help eradicate hunger around the world.
- “ Faith based orientation in all our endeavors.
- “ Through our missions we have helped nearly 600 children in Nicaragua with food, school supplies, and transportation.

# To Feed and Empower Others

The Comunidad “El Tigre” is neighborhood of nearly 400 residents who live in abject poverty and lack significant community resources. Houses are built with mud, and zinc making them unlivable during the summer months. The community is nearly 3 km (2 miles) from major roads and it can only be reached by car. Unfortunately, no one in that community owns transportation. This particular problem placed significant challenges to school attendance figures because students would not go to school when there was inclement weather. The only school in the facility offers education from K-8, and can hold 45 students. The families lack the means to properly feed and clothe their children daily.

# Project IGLESCO

- “ IGLESCO is a capital project that will lead to the construction of a multipurpose community center. The name IGLESCO is derived from the Spanish for the words *iglesia* (place of worship/church), *escuela* (school), and *comedor* (food pantry/kitchen). These words define the operational model of the future center. The facility is expected to be built in early 2015 and will consist of an estimated 120 square meters in an unused land that was donated by the Honorable Mayor of Managua. The facility will expectedly have a maximum capacity of 90 persons.
- “ The IGLESCO center will be staffed by 8 persons. One Center Manager, 2 Teachers, 1 Religious Education Coordinator, 1 Vocational Trainer, and 3 Cooks.
- “ The center will be open from 7 a.m. to 7:30 p.m. every day except Sundays when it will close at 4:00.
